Together we will make a difference

"Though you are not shinning like a star, be a candle and brighten the corner where u are"

I feel the pleasure in bringing out the 27<sup>th</sup> Annual Report of NEW INDIA for the year 2021-22 summarizing its activities and achievements. No need to say that, NEW INDIA was incepted on 2<sup>nd</sup> October, 1993 and although more than 2 decades have passed it seems like yesterday. Our patrons, guide, our advisors, the community people, the supporters and all concerned have made it possible. We owe everybody sincere thanks, gratitude and much more. The countless valuable contribution of all is acknowledged with appreciation and gratefulness.

On behalf of NEW INDIA family, I convey my heartfelt thanks to those who have extended their uninterrupted support to us in providing the ingredients to march ahead and ultimately benefit the vulnerable and poorest section of the society.

NEW INDIA always believed in work, not in complacence. Complacence kills, stops growth and development. Now-a-days when the pace of change is so rapid so also embarrassing.

During the past consecutive years, we have successfully completed a series of activities those give us a smile to have been able to address many issues which adversely obstruct the lives of rural, tribal and people living in urban slums of our operational area at Dhenkanal, Jharsuguda, Sanbalpur, Sundargarh, Cuttack and Baragarh districts of Odisha. This 27<sup>th</sup> Annual Report is a humble testimony of our determination, dedication and achievements.

We expect the same enthuse, involvement and cooperation from all as usual.

Once again sincere thanks to all.

**Sheshadeb Rout**  
**Secretary-Cum-Chief Functionary**  
**NEW INDIA**

## Introduction:

### About New India

**NEW INDIA** since its inception in 2<sup>nd</sup> October 1993 has been working to provide a platform for the vulnerable and deprived sections of the community whose voices remain unheard, fights ignored and basic entitlements are not accomplished. Therefore the main focus then was to create sensitization and awareness among people, mobilizing youth and working towards peoples collectives to let them realize their entitlements and strive to access. With changing development context and peoples knowledge and graduated need, the organisation relooked its strategic mandate and supported education, livelihood, financial inclusion, health and sanitation services. It has always reset its course to reinforce its commitment to the issues of human rights and poverty alleviation. In this light the organization has in the last 27 years expanded its gamut of activities based on the needs of the people. It adheres to an approach which is subject specific and works with a strategic framework, predominantly in a mission mode to address the diverse problems.

**NEW INDIA** stands tall to-day for the endeavour of a group of volunteers who untiringly worked and bestowed knowledge, time and support to help reach many milestones. To be more focused the pioneer of **NEW INDIA** realized that the project based activities alone are not enough to meet its stated objectives and soon adopted larger development frameworks with gamut of developmental, techno- social and social enterprise approaches.

The district of Dhenkanal was under the rule of kings during pre-independence and was subject to oppression and exploitation for ages. Even after about four decades of the independence the district had indicators low in terms of Human Development Index. This syndrome disturbed many some of which came forward to associate and form a society, christened it **NEW INDIA** and legalized the association. The event materialized in the year 1993. Originally squeezed to address local issues, **NEW INDIA** graduated to become a state level agency (the legal registration permitting it) and embrace a wide range of sectors, sub-sectors and a wider range of geographical coverage within the defined contours of defined development.

27 years; in consideration of the annals of the history is not a long journey, 18 moments of contribution are worthy. We are definitely proud of our contributions. On the other hand, we have and are still learning from our follies strengthening our modus operandi.

We are reinforced by a rich human resource in terms of experience, knowledge, skill and aptitude to community development. We are obliged a lot to the society we look forward;

- To function as a Voluntary Organization & maintain a Non-Govt., Non-Political and Non-Profit Making character.
- To Develop & promote voluntary action in social development.
- To develop IEC materials, aids and techniques for formal school education, child labour, non-formal education, special education for blind, deaf and dumb, health and sanitation education, social forestry, environmental protection, water management, wasteland development programmes and movements.

- To promote social justice, equality and human rights, especially for children, women the working classes, the tribal and other poor and deprived section of society.
- To conduct comprehensive research, impart education and training ITI & Nursing training centre and provide professional services on problems relating to social, economic, technological, cultural, environmental and other aspects for change and development.
- To preserve cultural heritage, such as folk art, folk songs, plays monuments, manuscripts, oral tradition, ancient forms of arts and crafts and to support arts, music, poetry, dance and drama as instruments of culture and national integration.
- To undertake research on social, economic, environmental, technological, cultural and other problems associated with the process of social development and studies of policies and development programmes.
- To prepare youth to tackle national calamities, such as flood, cyclone, drought, earthquake and avalanche etc. and to preserve and protect the wild life, the rare species of flora and fauna and newly planted samplings.
- To work for promotion of Human Rights/ Child Rights.
- To undertake social defense activities like Drug-De-addiction centre, family counseling centre, Day Care centre, vocational training for disabled youths etc.
- To promote indigenous technical knowledge and approaches to Gandhian concepts of health, education, sanitation and rural development
- To focus entrepreneurship for self employment and micro-enterprise in rural areas

- Assessment of existing health care institutions
- Stakeholders consultation

#### **Services under UPHC**

- Clinical/Institution based service

### **1.1 Maternal Health**

- Early registration of all pregnancies in the first trimester (before 12th week of pregnancy) is done. However, even if a woman comes late in her pregnancy for registration she is being registered and care given to her according to gestational age. Recording of tobacco use by all antenatal mothers.
- Minimum 4 antenatal check-ups and provision of complete package of services during the specialist visit.
- Follow up with high risk cases
- Tracking of left out ANC cases.
- Associated services like providing iron and folic acid tablets, Tetanus Toxoid injection etc. Ensuring at-least 1 ANC preferably the 3rd visit is seen by doctor.
- Counseling services
- Nutrition and health counseling. Brief advice on tobacco cessation if the antenatal mother is a smoker or tobacco user is aware about dangers of life of both mother and baby.
- Identification and management of high risk and alarming signs during pregnancy and labour. Timely referral of such identified cases to FRUs/ other hospitals which are beyond the capacity of Medical Officer UPHC to manage the cases are done.
- Free services under communicable and non-communicable diseases with medicines free of cost is being provided in the UPHC. As per guidelines of NHM/Govt.

### **1.2 SBA Delivery Services in UPHC with DP**

In some of selected UPHCs, SBA delivery services would be available to minimize normal delivery load at 2nd referral hospital. In such case, JSY benefit is being disbursed to the beneficiaries.

### **1.3 Family Welfare (FW) services**

- ❖ Education, Motivation and Counseling to adopt appropriate Family planning methods are done.
- ❖ Provision of contraceptives such as condoms, oral pills, emergency contraceptives, IUCD insertions is available.
- ❖ Referral and Follow up services to the eligible couples adopting permanent methods (Tubectomy/Vasectomy) is done.
- ❖ Counseling and appropriate referral for couples having infertility is carried out.

### **1.4 Management of Reproductive Tract Infection:**

- ❖ Sexually Transmitted Infections • Health education for prevention of RTI/STIs.

- ❖ Treatment of RTI/STIs.

#### **1.5 Nutrition Services (co-ordinate with ICDS)**

- ❖ Diagnosis and nutrition advice to malnourished children, pregnant women and others.
- ❖ Diagnosis and management of anemia and vitamin 'A' deficiency.
- ❖ Referral of SAM cases to NRC in the fixed day

#### **1.6 Immunization services**

Immunization session is being held on each Wednesday in all the immunization points. The Staff Nurse ensures immunization in the UPHC. The ANM organizes minimum 4 sessions in every Wednesday of the month. They organize the sessions based on the micro plan developed at the UPHC.

#### **1.7 Micronutrient (Vitamin A & IFA) management:**

Supervised weekly distribution of Iron-Folic with education about the issue and administration of Vitamin A in identified cases.

#### **1.8 De-worming:**

Supervised Bi-annually schedule Prior IEC Siblings of students also covered.

### **2 Outreach services**

- ❖ Regular immunization in fixed day basis in a fixed site
- ❖ UHND in fixed day basis in a fixed site
- ❖ Periodic Health checkups and health education activities, awareness generation and Co-curricular activities by MAS and ASHA
- ❖ Promotion of Safe Drinking Water and Basic Sanitation through community groups like MAS, Urban ASHA and others
- ❖ Chemoprophylaxis for Malaria in high malaria endemic areas for pregnant women as per NVBDCP guidelines.
- ❖ Disinfection of water sources and Coordination with Public Health Engineering department for safe water supply by MAS and WKS.
- ❖ Promotion of sanitation including use of toilets and appropriate garbage disposal
- ❖ Testing of water quality using H<sub>2</sub>S - Strip Test (Bacteriological).
- ❖ Refer to district public health laboratory
- ❖ Referral transport to pregnant women and sick neonates

- ❖ Promotion of RSBY to BPL families for free treatment of complicated diseases in empanelled health institutions in Cuttack city.

## **E. Agriculture & Horticulture Programme**

### **1. Formation of Farmers producer organization**

NEW INDIA has mobilized the community volunteers and village youth of Gondia block in Dhenkanal to contribute their voluntary labour for construction of a water harvesting structure in Gondia block of Dhenkanal district in which almost 56 farmers from different villages of Gondia block, participated. The organization invited resource persons from the Govt. machineries. After successful completion of the water harvesting structure it was put for public use. Due to the water harvesting structure about 30 hecter of land were irrigated in khariff session.

Keeping in view to transfer improved methods of agriculture produce, farmers insurance, linkage with Agriculture Department and line departments and to aware them about Pradhan Mantri Kishan Sampad Yojana the organization conducted phase wise training of the farmers in Gondia block of Dhenkanal district. There were 12 batches of training completed covering 300 farmers of Gondia block. The Agriculture experts, horticulturists, progressive farmers imparted training and shared with the farmers about improved agriculture cultivation. The program is being continued and the organization is proposing to conduct another 25 batches of training for the farmers in Gondia block of Dhenkanal.

2.

### Medicinal Plant Plantation

The organization under Medicin plantation under AYUSH mission planted more than 900 seedlings of Bael, Peepal and Banyan at the public waste lands in Gondia block under Dhenkanal district. Mr. Sheshadeb Rout, Secretary, NEW INDIA leads the team of volunteers and inspired them to plant the seedlings. The mission of transplanting those plants is to create the general consciousness in the mindset of the common men about the utility value of the medicinal plants. Apart from Horticulture based Bael seedling plantation community level awareness created among the general public for its proper care and maintenance with supervisory arrangements for watch and ward.

### 3. Bee Keeping and Honey Processing

Aims at providing gainful employment to the farmers and farm based workers and to enhance their income the organization under SFURTI- Scheme of Ministry of MSME, Government of India and technical support of DD Bio Solution PVT Ltd established one Sai Honey Bee keeping cluster at Santhapur in Gondia block under Dhenkanal district. Sai Honey Cluster, located at Santhapur in Gondia block under Dhenkanal with its structure and functioning, productive capacity and income generation. The study reveals that in spite of various attempts by the central and state government, the rural households industries in this region are not performing up to the mark and these industries remain unorganized

producing non-mechanised product. Despite many artisans of the cluster primarily depend upon traditional techniques of production, a few of them trying to cope up with the recurrent changing demand of the buyers by means of creating new design. However, there are no sufficient promotional measures to attract the consumers on a continuous basis. Besides, the credit facilities were not provided sufficiently to develop the industry for the production and sale of the products. However, there is a growing demand for Honey products in the regional market and in the national level. The Cluster has been manufacturing different types of Honey craft items like Honey mats, household utility products, etc. Approximately, 510 artisans have been befitted in this cluster, wherein 100 percent are from Scheduled Caste and Scheduled Tribe community and below poverty line households. The average monthly income stands at around Rs. 4,500/- . The study suggests that government grant is the urgent need to promote livelihood of the SC/ST artisans through Honey based products thereby producing bee hives and honey. Emphasis is to be given to use modern machineries, standardized devices and improved tool kits in the process of production. Government and Implementing Agency NEW INDIA will play a pivotal role in marketing the Honey products.

## F. Social Defense & Welfare Programme

### 1. Integrated Programme for Senior Citizen

It has been seen that the older persons are being neglected by their family members and the cases are rising day to day more in joint families. The family head with other younger members are feeling that the older persons are not the integral part of the family and they have nothing any decision power in day to

day family management. In many cases older persons are not getting proper care, fortified food, recreational services, health services, social & cultural facilities in the family and surrounding also. Realizing the immerging situation New India Team has started older persons care program at Santhapur in which 25 nos. senior citizens are getting care facilities.

## **2. Physiotherapy Clinic for senior citizens**

NEW INDIA organization has set up a Physiotherapy clinic in the office campus of NEW INDIA located at Jharsuguda district of Odisha. The program is managed by NEW INDIA by the support of SSEPD, Government of Odisha in which extensive care and support services are rendered to the senior citizens having acute health ailments and other age factor diseases. The team of service providers of the organization renders frequent services from dawn to dusk to ameliorate the health problems of the senior citizens.

The organisation invited government functionaries, social activists and horticulturists to awake the farmers about different horticulture produces, various schemes of Government in the line department, means of convergence and regarding providing required backward and forward linkage. The resource persons distributed different leaflet, booklet and posters on agriculture and horticulture advancement technology and present trend of marketing and financial tie-ups. The duration of the program was two days and residential.

#### 4. Awareness on Bhiksha- Vritti Mukta Bharat

**NEW INDIA** focuses on rendering quality services for the marginalized people of Odisha. This group includes mainstreaming of beggars, transgender, senior citizens, child labour, construction and migrant workers, women and children under difficult circumstances, scheduled tribes, scheduled castes, and families from below the poverty line, elderly women people with disabilities, small farmers, and persons who are unable to cope with the community and society.

- Survey and identification of the persons engaged in the act of Begging in identified places.
- Mobilization of the persons engaged in the act of Begging.
- Provision of a whole range of basic services for the persons engaged in begging such as shelter, rehabilitation, hygiene, food, clothing, bedding, medical facilities, counseling and education.
- Facilitate skill development training for the persons engaged in the act of Begging so as to ensure their reintegration in mainstream society to lead a life with dignity and self- confidence
- Sustainable settlement of the persons engaged in the act of Begging.

##### Approach and Strategy

- The approach of this beggar rehabilitation scheme is to provide the whole range of services including awareness generation, identification, rehabilitation, provision of medical facilities, counselling, education, skill development and sustainable settlement of persons engaged in begging through State Governments/UTs, Local Urban bodies, voluntary and other organizations. Identified persons shall be issued identity cards to avail the benefit of any government welfare scheme.

#### 5. Helping Blind to cross a Road

**NEW INDIA** is one step ahead to offer its voluntary services for the cause of the persons with disability. The disable persons like, blind, deaf, dumb are being cared through institutional based services, counseling and convergence mode. During the year 37 persons with disabilities were cared and trained on different life skill education aspects apart from self employment and employment activities. The mission of the program is to help the disabled persons to mainstream them into the pace of community so that, they will feel their life is worthy and can lead normal life like other citizens .

**The organization out of its own contribution distributed assistive devices to the pesons with disability in which assistive devices like, tricycle, hope sticks, abacus, glasses and other helping tools provided to the disable students free of cost in Gondia block under Dhenkanal district.**

#### **G. Right Based Activities**

##### **1. Running consumer counseling centre (DCDRF) at Dhennkanal, Bargarh, & Sundargarh.**

Consumerism has grasped all sections of society, irrespective of habitat across the country. In one hand it has facilitated availability of qualitatively superior materials in the vicinity and in other hand it has given rise to many malpractices by the traders, manufacturers and service providers to cheat the consumer.

Addressing the issue, the organization arranged different IEC/BCC campaign and social mobilization events to awaken the community.

#### **Observance of Consumer Day**

15. March. 2021 Consumerism has grasped all sections of society, irrespective of habitat across the country. In one hand it has facilitated availability of qualitatively superior materials in the vicinity and in other hand it has given rise to many malpractices by the traders, manufacturers and service providers to cheat the consumer. The organization has been running a DCIC (District Consumer Information Centre) at DCDRF (District Consumer Disputes Redressal Forum) campus, Dhenkanal and 2 consumer counseling centres at DCDRF Sundargarh and Bargarh. One Counselor has been appointed at each centre by the organization to offer counseling and guidance to the worst victims of consumer and other citizens conflicted with consumer rights, duties and responsibilities. At each centre.

#### **H. Misc. Activities**

## **1. Promotion of livelihoods & marketing of Rural Products**

The women SHGs under micro entrepreneurial activities imparted the skill training on product diversification, value addition, product branding, marketing and sharing of benefits out of the productive venture. Through this program 20 women were covered under Phenyl making, 10 women on honey processing, 20 women on mushroom production, 20 women on readymade garment making and another 10 tribal women on Leaf cup and plate making. The organization rendered the required raw-materials, training kits, toolkits and capacity building training to produce and market their produces at different sales outlets, weekly hata and market places.

## **2. Swachha Bharat Mission Programme**

NEW INDIA being a front line civil society has actively involved in the SWACHH BHARAT ABHIYAN during the year of report. It is one of the main aspects in health to keep the health healthy. Sanitation act as a representation to manifest the health condition of the community in order to keep the community healthy & disease less. NEW INDIA has conducted a sanitation rally with the active participation of Raitala G.P. and Karamul G.P. villagers to make the people awarded about the sanitation. This rally carried out by placards, slogan, skit etc. with the support of the school children. duly invited with permission from their office. The children were as a catalyst to spread the message regarding the sanitation all over the village. The main objective of this rally was to make the people conscious about the effect of sanitation & to take the conquer over the common diseases in the village level. The organization in association with District Water and Sanitation Mission (DWSM) Dhenkanal constructed 400 numbers of household latrines at different villages in Gondia block under Dhenkanal district, Odisha.

### 3. Road Safety Awareness and Advocacy

The organization NEW INDIA in association with MINISTRY OF ROAD TRANSPORT AND HIGHWAYS, GOVERNMENT OF INDIA successfully organized the road safety awareness campaign in different parts of Gondia block of Dhenkanal district in which different students competition, public meeting, rally, padayatra, slogan writing competitions were held to generate massive awareness on use of seat belt, use of helmet and keep in readiness the first aid kits inside the vehicles while driving.

### 4. Voter awareness contest "My vote is My future"

In the context of spreading the community level awareness on " My Vote is my Future" the organization arranged different social mobilization events like, public meeting, poster banner campaign, students competition, cultural events and by display of audio-visual aids. The program was carried out at different operational villages under Dhenkanal district of Odisha. In the campaign in Santhapur of Gondia block, the organization arranged a quiz competition among the college students in which 45 students participated and opined their remarks about the transparency and accountability measures in democratic process and at the time of casting a vote. The winners of the competition were rewarded with prizes and citations.

## 5. Salt sampling collection project

The objective of the programme on the importance of Iodine, Iodine Deficiency Disorder and its effect on children on their future life. Under consumer protection right collaboration of Research Academy for Rural Enrichment (RARE) in Dhenkanal district the local NGO is NEW INDIA , Santhapur, Gondia , Dhenkanal. Collection salt pkt quarterly. Point person is NIGAM SAHOO.

### Project Background:

- Though iodine is required in a very minute quantity (150 –250 microgram/day), Iodine deficiency results in a wide array of preventable disorders collectively known as iodine deficiency disorders (IDD).
- Edible salt is considered an ideal vehicle for delivery of iodine in human body because of its daily and universal consumption by everyone irrespective of age, location and socio-economic status. Moreover, iodization of salt is technically feasible and economically affordable.
- There is limited knowledge amongst the retailers, wholesalers and consumers on the need to consume adequately iodized salt.
- Consumers do not have any specific tool which would help them differentiate iodized salt from non-iodized salt or an inadequately iodized salt. When purchasing edible salt consumers may prefer indicators such as price, whiteness, free flow, saltiness etc. over iodine content.

### Project Activities:

- Collection a minimum of 20 salt samples from each district per quarter from different sources of distribution

- 4 Sample from Public Distribution System (In Odisha Salt is not provided in PDS) so 4 sample will be collect from retail point
- 4 sample from public feeding program
- 1 sample from school where Mid-Day meal distributed,
- 1 sample from Aahar Kendra, food subsidization programme runs by govt. of Odisha,
- 1 sample from the District Head quarter Hospital, where cooked food distributed to patient
- 1 sample from Aganwadi Centre under ICDS scheme
- 12 sample from retail/wholesale points, the retailer/wholesaler may or may not exclusively deal with salt). This sample will be collect from different corner from the district quarterly basis.
- 40 sample to be collected quarterly from salt iodization units located in the State of Odisha: Ganjam and Balasore districts.
- Salt can be purchase of 1 Kg. from any brand available in the locality.
- For each quarter collect 5 packet crystal salt and 15 packet powder salt.

## 6. Distribution of drinking water during summer

NEW INDIA plays a very pivotal role in providing timely assistance during the emerging crisis. As part of the rural development activities, the volunteers of the organization distributed safe potable drinking water to the water shortage area in Gondia block under Dhenkanal district. The free of cost potable drinking water supply activity was carried out during the hot summer. The organization was also managed a "JALA CHHATRA" at Santhapur in Gondia block, Dhenkanal. Every day 50-60 travelers and pathacharis took water from the jalachhatra. This is one of the renovation work of the

organization where the committed volunteers of the organization are working dedicatedly for the cause of providing safe drinking water to the community,

## 7. Observation of National voter Day by Dist. Election office Dhenkanal.

NEW INDIA in association with District Election Office, Dhenkanal observed the National Voters day at Dhenkanal. The broad objective of the observation was to enable each and every citizen to cast his/her vote, pay respect to the democracy, awaken about fundamental rights and directive principles of state policy and rights, duties and responsibilities of the voters as well as to awaken him/her about "MY VOTE, MY DESH". The program was organized in a befitting manner at Election office, Dhenkanal. There were more than 200 voters observed the voter's day. The organization distributed leaflets, posters, banners and well designed stickers to attract the voters to know their rights and responsibilities in nation building. During observance, the voters took the oath to definitely casting their votes for selection of their nominated candidates, without bribed and biased attitude.

## 8. Rescuing people from house under fire

The organization from time to time spreads the awareness on disaster preparedness amongst the community. Apart, village level and GP level protection committees have been formed at different villages of NEW INDIA operational area to provide in situ relief and

rehabilitation to the victims of different manmade disaster and natural disasters. The youth and adolescents from the operational villages are imparted thematic training on immediate rescue and operation to save the people during disaster situations. During the year 2021-22, the organization mobilized and trained a team of 20 volunteers to provide immediate rescue to the fire hit families and victims of fire accidents,
